About this object

Administrative premises of various sizes are for rent in Saulėtekis Valley Science and Technology Park, Saulėtekis, next to Vilnius Gediminas University of Technology. The park is an ideal location for innovative companies, entrepreneurial members of the university community and the R&D environment seeking to commercialize knowledge, establish and develop businesses, and develop innovative activities. The park is surrounded by nature with well-developed infrastructure, very good connections with the city, and long bicycle paths. Various services are provided in the park, such as secretarial services, business development, R&D and innovative activity consultations, virtual office service. For the convenience of tenants and their customers, conference, training, meeting rooms, open meeting spaces, spacious dining rooms on each floor, a coffee room, a recreation area with table tennis, billiards and table football are equipped. Each space
